

Sudheer Darla

Product Designer · Fintech and 0-1 consumer products · Hyderabad, open to remote

sudheer.darla11@gmail.com · +91 8897679439 · sudheerdarla.github.io · [LinkedIn](#) · [GitHub](#)

SUMMARY

Product designer with 7+ years shipping 0-1 fintech and high-stakes products. I own the path from discovery and flows to design systems and engineering handoff, and prototype in React and HTML/CSS/JS so specs are build-ready.

EXPERIENCE

Independent ventures, Founder · Hyderabad 2023 – 2026

Ran a men's clothing business and a dairy business while upskilling in AI-assisted design and front-end prototyping.

Hive Consultancy Services, Product Designer · Bengaluru Apr 2023 – Aug 2023

- Prototyped and tested core web and app journeys, increasing time on page by ~60% and reducing bounce rate by ~30%.
- Documented components, states and production notes, helping engineers ship screens 2 weeks earlier.

Wise Log Solutions, UI/UX Designer · Dubai Jul 2022 – Mar 2023

- Led end-to-end design of a flagship web application from concept to launch, acquiring ~3K users in the first 2 months.
- Designed and prototyped core features that simplified key user tasks on a platform managing ~\$30M in assets.

CMMT Technologies, UI/UX Designer · Bengaluru Feb 2020 – Jun 2022

- Sole designer for 2 websites with 2K+ daily unique visitors, plus all marketing material.
- Created brand identity for an early-stage startup: logo, color palette and core brand guidelines.

Cosmic Tech Labs, UI/UX Designer · Hyderabad Jul 2018 – Oct 2019

- Created scenarios, wireframes and interactive prototypes for a commodity trading and trade-finance platform.
- Led design on multiple early-stage products, from ideation to interface design to hand-off.
- Kept design consistent across iOS, Android and web.

Freelance Web Designer & Front-End Developer Nov 2016 – May 2018

- Designed and launched 20+ responsive client websites with end-to-end delivery.
